

TableauDesktopActivationKey

Tableau PrepActivationKey Note: If you purchased additional licenses . Jan 14, 2019 To claim your TACMART customer rewards points enter your activation code. The activation code is found at the bottom of your receipt in the description field. A registration code is included with your receipt that must be entered to register your product key. Go to your receipt to see the registration code. Thank you for using Tableau! If you have not logged into the Tableau Customer Portal since the time of purchase, you need to do so first. . The product key expires 30 days after activation. Go to your Tableau Online account to get an updated key, if needed. . Yes, you can use the same key on multiple licenses. If you've upgraded from an older version of Tableau, a new product key will be assigned to your current license. . March 20, 2019 To reset your registration code enter your email . You can still activate a previously registered product key. To activate a previously registered product key, you will first need to have access to your old Tableau Customer Portal . First, go to your Account Profile within the Tableau Customer Portal and log in. After logging in click Open to Tableau Desktop (or Tableau Prep) on the left-hand side of your screen. Next, go to Help > Manage Product Keys and click Activate. The activation code is found in the activation section of your receipt. Activate License Under the current license, you can't change the expiry date from 30 days or a six month range. You can only submit a request . You can deactivate one of your Tableau Desktop or Tableau Prep Keys but you can't deactivate the other. The link to the "Deactivate Desktop or Prep" button is found on the web page that's associated with the product key. You can, however, deactivate a single license at a time. See Deactivating a license and Automatic activation for more information. . If you've purchased Tableau, it is included. You will be able to use Tableau on as many machines as you'd like. . If you've purchased Tableau Server, you will be able to use it on any machine you install it on. . If you no longer need Tableau Desktop or Tableau Prep Builder on a
